

HK36 Super Dimona

The best of two worlds

 **Diamond**
AIRCRAFT

The ultimate motor glider.

For some people it's a high-performance 2-seater, others regard it as the ultimate motor glider. Just flip a switch and glide effortlessly and silently through the skies or enjoy the easy handling, power and performance of a modern airplane. Its high capacity, climb performance and rapid descents also make the HK36 Super Dimona the perfect tow plane for other gliders.

With the HK36 Super Dimona, Diamond Aircraft has proven its aircraft design and development expertise over the last 30 years. Needless to say: the HK36 Super Dimona is one of the most refined aircraft in its market segment, and 'the' top seller in Europe.

Express your individuality.

As an optional enhancement there is now the opportunity to use also the Aspen EFD1000 Pilot PFD. Its ultra-bright LED display gives you great visibility and it is easy to operate with intuitive menus and flexible hot keys. It offers you all the key functions of a PFD in a compact and easy-to-use package.

Besides the attractive design, discerning pilots love the Super Dimona's versatility, safety and environmental friendliness. The affordable, yet well equipped basic version leaves plenty of room for expressing your individuality - inside and outside - offering a wide choice of configurations, options and engine types.

Join the Diamond family.

Each member of our Diamond distribution network is a pilot committed to aviation. Our partners are as excited about Diamond products as we are. Locally owned and operated Diamond distributors will help you to find the best suitable Diamond product. You will benefit from a large field of experience as well as extensive product and market knowledge. Our partners take the time to listen to your goals and concerns and assist you while evaluating a solution customized to your needs and requirements. The majority of our partners do also offer maintenance services at their own service facilities. Further maintenance assistance is provided by our network of independent Diamond Authorized Service Centres all over the world.
